

The following Theme Park attraction itinerary list has been prepared for Somerset High School's Friends and Family members and is being offered as a courtesy to those travelers who have asked for a guide to understanding Park Attraction synergy. It is provided for your entertainment and should not be assumed to be the only method of Attraction progression. It uses a number of authoritative attendance sources (both academic and practical) to project a composite itinerary for any given day in the Disney Theme Parks. Outside influences such as weather; unscheduled events; fluctuations due to new Disney programs, discounts or attractions not previously studied or attractions unexpectedly taken off-line are not able to be factored into the plans.

World Class Vacations Theme Park Day Planner is designed to increase your enjoyment of Park touring by presenting a "Best Case, Best Known" step-by-step approach to the challenge of *what to do next*, anticipating crowd movements on a given day, with a given set of criteria.

Itinerary notes **highlit in YELLOW** are Points of Interest.

9:00 PM	Big Thunder Mountain Railroad	Frontierland	30 Min	5 Min	0 Min
TOTALS			123 Min	94 Min	40 Min

Tips for This Itinerary

1. To secure a seat near the middle of the auditorium for Hall of the Presidents, we suggest that after entering the auditorium from the left-hand side of the seating area, that you proceed all the way down to the front of the hall, then walk across the front row to the right-hand side of the seating area. At this point you should have a wide choice of good seats, since you can enter a row from the right-hand side of the hall, moving the opposite direction of most guests still entering the auditorium.
2. Shortly after entering the Haunted Mansion building, you will be directed to a large octagonal room which displays portraits high on the walls. In order to get ahead of some of the crowds here later, try to stand near the wall which displays the portrait of a young woman holding a parasol.
3. If you arrive at a point in the Pirates queue where the line splits in two, we recommend taking the left-hand side, since the wait here is typically five minutes less than the line on the right-hand side.

FASTPASS

Be aware that the FASTPASS return times shown here may differ somewhat from the actual "allowed" return times you experience on the date of your visit, so be prepared to adjust your schedule accordingly. (This is more likely to occur for return times in the afternoon and evening, when predicting FASTPASS "return windows" can be more difficult.) Note, however, that the park seems to have an "unwritten policy" which allows FASTPASS holders to ride in the FASTPASS line any time after the ride window has begun, even if the FASTPASS actually expired a few hours earlier. Because of this, if you find yourself showing up late to a FASTPASS attraction, we recommend asking the Cast Member if you may still ride. In most cases you shouldn't have any problem.

2. Somerset High School Choral Performance at Melody Gardens will be in front of you as you exit "Honey, I Shrunk the Audience".

3:29 PM	Free Time &	Dinner			
7:55 PM	Jungle Cruise (use FASTPASS)	Adventureland	7 Min	12 Min	0 Min
TOTALS			87 Min	94 Min	35 Min

Tips for This Itinerary

1. Upon arrival, if you wish to take a shortcut into Tomorrowland, we suggest making a right-hand turn immediately at the end of Main Street, as soon as you pass the Ice Cream Parlor. You may then proceed through the Tomorrowland Terrace Noodle Station and make your way into Tomorrowland. This route is a bit shorter than using the main bridge walkway into Tomorrowland, which begins near the circular "hub" in front of the castle.

2. At this time of day, you may arrive at the Tomorrowland Speedway and find three lanes of cars running. In this situation, when you get to the point in the queue where you have the option of proceeding over the short bridge to the third lane, we recommend staying in the near-side line. The near-side line will be feeding two lanes of cars, rather than just one, causing it to move more quickly.

3. This itinerary presumes the user would prefer to finish the touring day within The Magic Kingdom and not transfer to Disney's Hollywood Studios with the students of Somerset High School's Music Department.
